

Peter Onchoke Anyona

Full Stack Developer

0757 611 486 · anyonaonchoke@gmail.com · peteranyona.co.ke · Kenya

PROFILE

Full stack developer based in Kenya, building web applications and digital products for real-world clients. Comfortable across the entire stack: React frontends, FastAPI backends, and PostgreSQL databases. Experienced with M-Pesa integrations and building purposeful products for the Kenyan market.

EXPERIENCE

Freelance Full Stack Developer

2023 - Present

Independent client work building web applications, business websites, and e-commerce platforms for clients across Kenya.

PROJECTS

Bado Mapema FinTech · Savings App

Goal-based savings app for the Kenyan market with M-Pesa integration, JWT authentication, and a bilingual Sheng/English personality engine.

Personal Portfolio peteranyona.co.ke

Portfolio website showcasing projects, skills, and client work.

Noor Al Iman Cleaners Client · Dry Cleaning

Business website for a dry cleaning and laundry service, covering service listings, online presence, and customer contact flow.

Ndula Shop Client · E-Commerce

Full e-commerce website with product listings, cart functionality, and checkout flow for a Kenyan retail client.
